edaWorkshop10 - Call for Papers
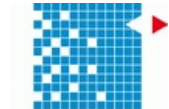

edaWorkshop 10 [1]

The Call for Papers of edaWorkshop10 has been sent out these days. Industry and Research are invited to submit their contribution until **January 14, 2010**. Like to this year's edaWorkshop scientific as well as application-oriented contributions or experience or disemmination reports in the industrial area are welcome. While contributions are allowed in English language too, the conference language in 2010 will be German. Further information (in German only!) to the Submission of contributions [2] and recent information on edaWorkshop [3] is available.
