edaWorkshop11 - Call for Papers

edaWorkshop 11 [1]

The Call for Papers of edaWorkshop11 (May 10-12, 2011 in Dresden, together with the CATRENE DTC) has been sent out these days. Industry and Research are invited to submit their contribution until **December 13, 2010**. Like to this year's edaWorkshop scientific as well as application-oriented contributions or experience or disemmination reports in the industrial area are welcome. While contributions are allowed in German language too, the conference language in 2011 will be English. Further information to the Submission of contributions [2]and recent information on edaWorkshop [3] is available.
