Events of edacentrum and Partners

The edacentrum acts as a mediator for the exchange of information concerning microelectronics and EDA. In this role it organizes the [edaForum](#), the [edaWorkshop](#) as well as [Technical and Cooperation Workshops](#) and project workshops. For a comprehensive and useful representation with a searching functionality it provides a conference calendar named [edaCalendar](#). Moreover, it supports events whose aim is the technical exchange of information in this area. The following tables show lists of selected future and past events in this context.

| Organisation | Topic | Venue | Date | | | |
|---------------------|--------------|------------------|----------------|------------------------|---|--------------------|
| edacentrum | | Schneiderberg 32 | 30167 Hannover | fon: +49 511 762-19699 | email: info@edacentrum [dot] de | up |
