[1]

Take a view on the picture gallery of this year's [edaWorkshop](#) [2] which was jointly organized with the CATRENE/MEDEA+ Design Technology Conference and took place on **May 26-28** in Dresden. It has attracted more than 100 participants, which is a vivid proof that EDA is alive. - As "after the edaWorkshop is before the edaWorkshop", we invite you to the edaWorkshop10 which will be held in Hannover, Germany on May, 4-5, 2010.
